

Landmark Bonus (LB) Program Guidelines:

About LB program: Affine appreciates an employee's long-term association with the Company and as a token of appreciation we have come up with a program that rewards folks who are associated with Affine for Long Durations. The Landmark Bonus program rewards employees for their association with the company for completing certain time-based milestones.

Eligibility:

- All company employees who are on payroll from April 1, 2021 or after are eligible for the Landmark Bonus (LB) program
- The Landmark Bonus is a time-based milestone that recurs every 18 months for three cycles

Criteria:

- Landmark Bonus is contingent to completing time-based landmarks only and does not depend on performance or rating of an individual
- The landmark bonus is a pre-determined amount per an individuals level in the system
- Should be an Active employee and on company's payroll for the full duration of the landmark based stay (in months). Should not have resigned or serving notice.
- In case an employee resigns before receiving the payment, the mentioned amount will be paid along with F&F. Withholding taxes, as applicable, at the time of pay-out will be deducted.
- The pay-out timelines will be published by the Finance Team

Special Case Scenarios:

- Sabbatical: In case of a sabbatical, the milestone-based timeline gets adjusted according to the sabbatical tenure. All other conditions mentioned above remain the same
- Transfers: In case of a transfer from one Affine entity to another, the calculation of the landmark bonus will be done on a prorated basis
- Promotions: In case of a promotion, the calculation of the landmark bonus will be done on a prorated basis
- Performance Improvement Plans: The individual, even if put on PIP will remain eligible for such bonuses as long as he/she meets the set criteria
- No exceptions for higher studies or contingencies are there

Plan start date: The 1st landmark period of 18 months will start from April 1, 2021 or from the date of joining whichever is later
