

Leave Policy

The leave policy at Affine is designed in a way the employees maintain a good work life balance.

The leave policy defines the scope and segregation of various leaves an employee can avail during his/her tenure at Affine.

Leaves in Affine are calculated and granted in one financial year (1st April to 31st March) which are segregated into: Earned Leaves & Sick Leaves.

Guidelines for taking leaves (applicable across leave types)

- It is expected that leaves will be scheduled in manner which addresses the employee's needs as well as Affine's project & team requirements.
- All leaves of an employee should be approved by the project manager / reporting manager. Submitting a leave request does not ensure confirmation; it is recommended that the employee obtains approval before making travel plans / booking tickets etc.
- In case your leave plans are changed post approval, please notify the approving authority & HR immediately
- New joining who does not have sufficient leaves in their account will have to opt for LOP (loss of pay)

Earned Leave

Earned Leave is the leave which is earned by an employee by the discharge of his/ her duties in a certain period. At Affine, employees are granted Earned Leaves every month.

Eligibility

- All permanent employees of Affine are eligible to take earned leaves.
- The maximum number of earned leaves permitted in a year is 18 days. At the start of each month, 1.5 days would be added to the EL balance of each employee.
- For employees joining after the start of the fiscal year, the EL eligibility would be pro-rated basis their date of joining.
- For any transferred employee from India to the US/Singapore or vice versa, EL balance as of their last working day will be paid out with the full & final settlement.
- An employee cannot avail leaves in advance within 6 months of the date of joining.

Accumulation / Carry Forward

- The EL's accrued are meant to be used in the same year. Employees are encouraged to plan their leaves and utilize minimum 8 earned leaves in a fiscal year.
- If an employee is not able to use all accrued EL's in the year, then he/she can carry forward the unutilized EL's to the next fiscal year. However, the maximum number of such EL's that can be carried forward is capped at 10 days.

Sick Leaves

Sick leaves are meant to be short notice leaves and are taken under the following instances:

- Compassionate leave
- Sickness of the employee
- Urgent personal reasons
- Illness in immediate family

Sick leaves are short notice leaves & all leaves must be approved by reporting manager either before or after (within 2 days) the leave is taken. In case the leave requirement is sudden & a prior approval is not taken, the employee is expected to inform the supervisor / project manager by 9 am on the day of leave.

- At Affine, employees are granted 12 days of Sick leaves for the financial year (Apr-Mar). At the start of each month, 1 day would be added to the sick leave balance of each employee
- For employees joining mid-year, this eligibility would be pro-rated basis their date of joining. These leaves cannot be clubbed with Earned leaves
- An employee cannot avail more than two Sick Leaves at a time. If this happens it will automatically fall into the category of Earned Leave
- In case of sick leave amounting to more than 2 consecutive days, a doctor's certificate of illness is mandatory.
- Unused Sick Leaves will expire at the end of the fiscal year & cannot be accumulated / carried forward to the next fiscal year
- For any transferred employee from India to the US/Singapore or vice versa, the remaining S/CL will lapse.

Disclaimer

The final decision of the above matters will at all times remain at Management's discretion. The Management of the company will have the authority to make amendments (deletion/addition/improvisation, etc.) to this policy.
